

Application

to the CSS Foundation

for support for a research project

The CSS Foundation

- promotes only concrete, self-contained research projects conducted in Switzerland that are intended to have a broad impact. They must match the Foundation's objectives and help reduce costs in the healthcare sector;
- accepts only one application per project and project period;
- expects broad-based funding to be obtained from other private or public sector institutions;
- does not support projects that belong to the core tasks of the public sector.

Deadlines

Completed applications must be submitted together with all the relevant documentation in . time, i.e. **at least three months** before the study is due to begin.

If anything is unclear, please get in touch with the designated contact person directly.

Formal requirements

On completion of the research project, a final report on the project supported by our Foundation must be submitted by email.

Only individual, signed applications addressed to the Foundation will be considered.

INFORMATION ABOUT THE APPLICANT

Name/institution:

Year in which project sponsor was established:

Address:

Postcode/town:

Website:

Information about the research project manager/s and the research team:

Name of project manager/s incl. function, phone number, email address and link to website.

Project title and description, incl. short description, goals, work schedule or research methods, expected outcomes and criteria for success. Your submission should specify how the research project contributes to lowering healthcare costs.

Does the project receive financial support from other institutions or foundations?

Yes ☐ No ☐

If yes, which other institutions and foundations are providing the research project with funding, and how much are they providing?

Has the applicant already published articles or papers in the research area mentioned?

Yes ☐ No ☐

If yes, please attach a list of these publications:

Do you cooperate with other universities and research teams working in a similar area?

Yes ☐ No ☐

If yes, please name them.

What geographic area does your project cover?

- ☐ All of Switzerland
- ☐ German-speaking Switzerland
