

# Medical Costs Insurance for Accidents. Great help at low cost.

## Additional cover, welcome benefits.

Medical Costs Insurance supplements the benefits provided by health or accident insurance and offers additional protection for those not covered or only partially covered under their employer's accident insurance. This cover is particularly good for the self-employed, those in part-time employment, housewives and househusbands, children, and young people. In the case of children and young people, Medical Costs Insurance assumes the function of a pupil's accident insurance. For senior citizens, the insurance is a valuable addition covering the increased risk of accident. Most persons in gainful employment have hospitalisation cover through their employer under the Federal Accident Insurance Act (UVG), but only for the general ward. Medical Costs Insurance offers the advantages of a semi-private or private ward, as well as free choice of doctor and hospital.

## Your advantages:

- Free choice of doctor and hospital
- Hospitalisation in a one-bed or two-bed room
- Cover for accommodation and treatment costs during spa and recovery cures
- Cover for cost of renting and initial purchase of aids
- Attractive supplement to statutory accident insurance
- Valid worldwide

## Save on premiums:

- 50 % family discount on children's premiums

## Sensible supplements

We highly recommend taking out Accidental Death or Disability Insurance because it relieves you of the financial problems that can result from accidents. We would be pleased to advise you.
